**Specifications**
- Size: 15 gauge (1.8mm)
- Weight: 5 grams
- Material: 304 Stainless Steel
- Other: Latex Free

**EZ-STABILIZER**

1 Stabilizer

Specifications
- Size: 5.75in x 5.25in x 1.25in (14.6cm x 13.3cm x 3.2cm)
- Weight: 17 grams
- Other: Latex Free

**INSERTION SITES:**

Proximal Humerus

Proximal Tibia

Distal Tibia

**FEATURES:**

- Simple procedure for any qualified healthcare provider – up to 97% success rate.\(^1\)
- EZ-IO® vascular access safe and effective; low infection rates, low complications (<1%).\(^2\)
- Preserves veins and avoids the risks of prolonged, repeated, painful IV attempts.\(^3\)
- The proximal humerus optimizes EZ-IO® infusion rates (avg. 5L/hour) with minimal pain.\(^4\)
- Delivers medications, intravenous fluids and blood products to adult and pediatric patients.
- Six approved insertion sites: proximal humerus, proximal tibia, distal tibia.
- Allows quick and accurate patient labs; results comparable to IV blood specimens.
- EZ-Stabilizer is simple to apply and provides good skin adhesion for secure placement of the EZ-IO® Needle Set.
